

Emergency Veterinarian

We are looking for a full-time or part-time highly motivated and organised emergency veterinarian with the ability to provide the gold standard level client and patient care we are widely recognised for.

Our emergency and specialist veterinary hospital is privately owned by Vets. Our services provide a 24-hour, Advanced Treatment Centre outfitted with brand-new, world-class, 'cutting-edge' technology and equipment (Philips EPIQ Elite). Since opening in June 2020, our business has grown from 35 employees to well over +180 dedicated and passionate veterinary professionals.

About us:

You will be based in our state-of-the-art 24hr emergency and specialist hospital which has a brand new 1.5T MRI, 64 slice CT, fluoroscopy, endoscopy, digital radiology and ultrasound, just to name a few. At the Advanced Treatment Centre (ATC) we are passionate about providing high-quality cutting-edge care and pride ourselves at being innovative and leaders in our profession. We pride ourselves on being approachable and want all our team to feel comfortable asking any questions, not matter how simple they seem.

About you:

The ideal candidate will have an open mind, adaptable, willing to learn, be a team-player and have great communication skills. We love to work as a team and bounce ideas off one-another; sharing of knowledge, technique and experience with each other is vital. A sense of humour is important, as is the ability to have fun. We are a small but great team, and everyone gets along.

Qualifications:

Registration or eligibility for veterinary registration in Australia with a recognised Bachelor of Veterinary Science, BVSc or Doctor of Veterinary Medicine, DVM degree

What is on offer for you:

- Remuneration for a suitably qualified emergency veterinarian will be **above** average depending on level of experience and anticipated clinical output
- Interdepartmental collaboration opportunities across imaging, diagnostics, medicine and surgery teams
- Access to a brand new and high-end veterinary specialist hospital with state-of-the-art equipment
- A supportive and approachable leadership team
- Training opportunities and career progression
- Assistance with visa sponsorship and relocation (for eligible candidates only)
- Generous CPD allowance and CE leave
- Reputable childcare facilities next door

Veterinary Specialists of Sydney
